

Covershade®

HEAVY DUTY MONOFILAMENT SHADECLOTH

Protecting your investment

Covershade® is UV stabilised to maintain its strength and flexibility under the harsh Australian sun.

Sun, rain and hail car protection

Crop protection

Wind, sight and privacy screen

Water treatment plant

Covershade® is tough under the sun

Covershade® is a high quality knitted shade cloth for protection of horticultural and agricultural crops as well as general purpose protection for livestock and equipment. It can also be used as scaffold cover or site screening, wind break protection, or car protection. It is manufactured using only virgin resins and the best UV stabilisers from BASF.

Covershade® has a 10 year Ultra Violet (U.V.) Protection Warranty (conditions apply).

Covershade® comes in a range of colours, sizes, shades & U.V. constructions. Covershade® complies with and exceeds Australian standard AS4174.1994.

For warranty conditions contact your local stocklist or contact us for a copy of the warranty document.

Colours include: Green, Black, White and Beige.

Other colours are available upon request and are subject to minimum quantity orders.

Product Disclaimers:

- The above information represents the results sourced from third party testing authorities, and tolerances may vary by as much as 10%.
- The Manufacturer reserves the right to alter or modify product specifications and colours without notice, and assumes no obligation or liability for the suitability and use of its products other than those applications intended by the manufacturer.
- Colours shown may not be an exact representation of the actual product.
- Outdoor fabrics are subject to harsh conditions and degradation over time is to be expected. Covershade® is supported with a 10 year UV warranty. During this period the fabric will remain serviceable and fit for purpose. Colour fading is normal over time. Colours containing red and yellow pigments have a tendency to fade more than others. This is not a loss of strength caused by UV breakdown and is not covered by the product warranty. For more details refer to the supporting Polyfab product warranty.
- Polyfab Australia assumes no liability in the event of negligent installation /fabrication or application or choice of cloth.
- During installation, Polyfab shade cloth should not be subject to "pre-stressed" loading in excess of 20%.
