

## X41 ACOUSTIC PANEL SPRAY ADHESIVE

### TENSORGRIP® X41

was formulated to provide a non-chlorinated adhesive for high-strength applications in the acoustic lining industry. **TensorGrip® X41** has extreme tack performance, a long open time and highly controllable spray pattern enabling fast acoustic panel installations with the advantage of low adhesive odour.

# Tensorgrip®

ADHESIVE SOLUTIONS TO MAKE YOUR JOB EASIER, CLEANER & FASTER

TECH DATA

## SUBSTRATES

Brick

Concrete

Drywall

Insulation

MDF

Polystyrene

## ADVANTAGES

- Non Chlorinated
- Fast Tack
- Good Heat Resistance
- Low Odour
- Low VOC
- High Initial Strength
- Polystyrene Safe

## KEY APPLICATIONS

- Acoustic Panelling
- Office Screens

NOT SUITABLE FOR: Plasticised Vinyl

## PROPERTIES

Web Spray

Non-Chlorinated

## COVERAGE

Aerosol  
500 ml  
7M<sup>2</sup>

Canister  
22 Ltr  
230M<sup>2</sup>

## COLOUR

Clear

Green

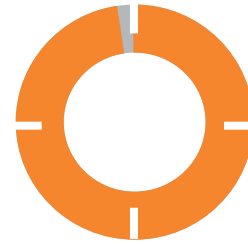

TECH DATA

## TACK OFF TIME

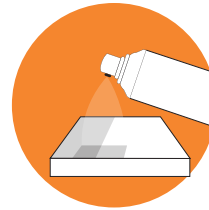

5 Minutes

## OPEN TIME

2 Hours

## ADHESIVE APPLICATION

Apply adhesive to both surfaces.

## TOOLS

Black Rubber  
Hose

Professional Spray Gun  
with 11002 Tip

## CLEANER

Open times and dry times may vary depending on weather conditions and humidity. Consult TDS for more information.
