

PROTEX TOUGHLITE

LIGHTWEIGHT, HIGH STRENGTH, RIPSTOP PVC

Lighter, stronger PVC. This innovative fabric is ideal for applications where weight matters and strength is critical.

PROTEX TOUGHLITE

Protex Toughlite provides fabricators with a lighter, stronger PVC. This innovative, flexible PVC-coated polyester has a smooth, semi-gloss surface and is ideal for applications where weight matters and strength is critical, such as outdoor covers, fumigation covers, tent flooring, tarpaulins, and sports equipment.
