

REINFORCED PVC COLLECTION

Nolan's reinforced PVC offers unbeatable durability and flexibility, making it ideal for demanding applications like tents and industrial covers. Its printable surface is perfect for impactful branding that lasts. Choose Nolan for reliability.

PROTEX TOUGHLITE

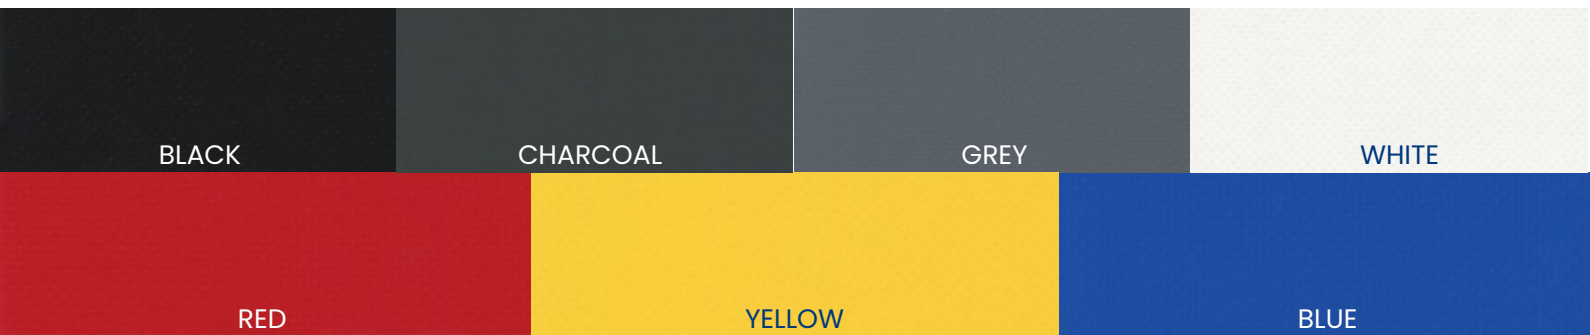

Lightweight, High Strength, Ripstop PVC

Australian fabricators needed a lighter, stronger PVC. We answer with ToughLite. This innovative, flexible PVC-coated polyester has a smooth, glossy surface and is ideal for applications where weight matters and strength is critical, such as outdoor covers, fumigation covers, tent flooring, tarpaulins, and sports equipment.

WEIGHT: 400 GSM

WIDTH: 300 CM

ROLL: 30M

PROTEX PT EXTRA

Lightweight, High Strength PVC

Protex PT Extra is a lightweight reinforced PVC. The durable matte finish combines with a high tenacity base-cloth to provide a functional fabric with a high strength-to-weight ratio. PT Extra is finished with a protective acrylic lacquer on the top side and comes in a versatile 250cm width.

WEIGHT: 500 GSM

WIDTH: 250 CM

ROLL: 30M

PROTEX TOUGHSTUFF

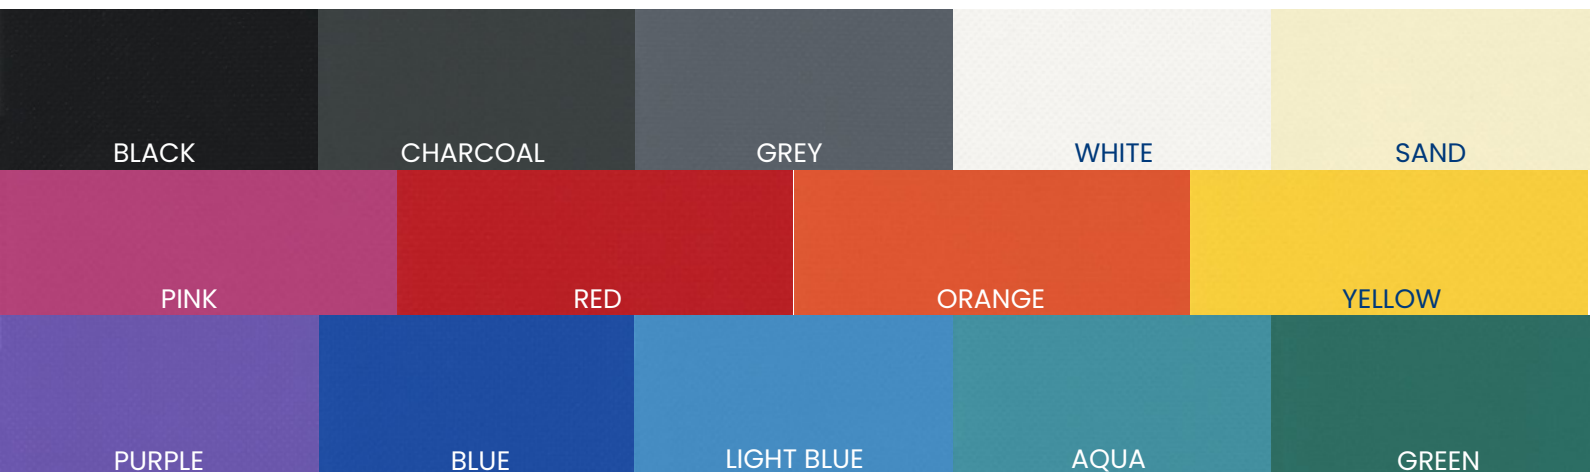

Reliable, Medium Duty

Engineered with a plain weave base cloth and coated in fire-retardant PVC, it meets both the AS 2930 tarpaulin standard. The protective acrylic lacquer on its top surface, combined with a wide array of colors, makes Toughstuff a versatile choice for marquees, awnings, jumping castles, tarpaulins, and numerous commercial applications.

WEIGHT: 610 GSM

WIDTH: 205 CM

ROLL: 30M

HERCULITE 80

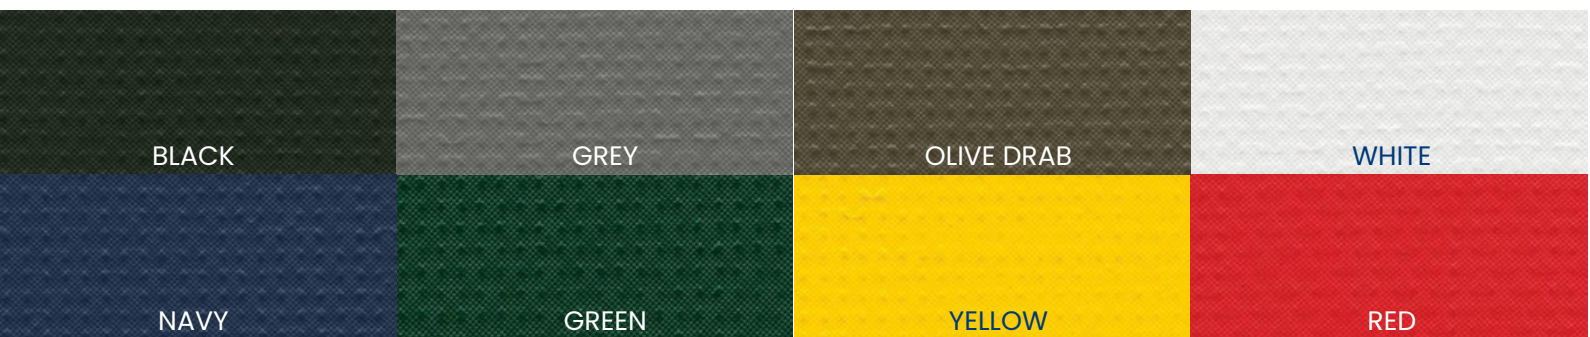

Heavy Duty, High Tear Strength

Herculite 80 is a heavy-duty, laminated reinforced PVC with highly compliant technical specifications and impressive tear strength. It complies with the stringent military specification MIL-C-3006 Type 1, Class 1.

WEIGHT: 655 GSM

WIDTH: 152 CM

ROLL: 45M

PROTEX ETS

Heavy Duty, Extra Strong Tear Stop

Protex ETS is a heavy duty reinforced PVC fabric. It features a tear-stop polyester base cloth to enhance tear resistance and is finished with a protective acrylic lacquer on both surfaces. ETS comes in 250cm and 320cm widths and is typically used for tarpaulins, sporting equipment and heavy duty covers.
