Nolan Acquires Paskal Australia to Expand Product Offering

Nolan is delighted to announce the acquisition of Paskal Australia, with effect 20 October 2025.

The combination of Nolan and Paskal brings together Paskal's extensive range of consumables and fabrics with Nolan's strength in fabrics and systems.

The Paskal brand and team will spearhead a renewed focus by Nolan on supporting customers with the widest range of quality zips, threads, fixtures and fastenings.

The finest fabrics, leading systems and the largest range of consumables will now all be available in one place, at Nolan.

Paskal founder and Managing Director, David Clota said: *"It is with confidence that I am passing the stewardship of Paskal to Nolan - with their commitment to continue to grow and develop our staff, products and loyal customers"*.

Humphrey Nolan said: *"We are honoured to have Paskal join with Nolan and the combination will provide customers of both companies with a wider offering of quality fabrics and consumables"*.
